SINOPSIS

The TRIVIUM consists of the three liberal arts pertaining to language. Grammar, logic, and the rethoric have been studied for over two thousand years as a way of refining both a speaker ant their speach. With extra sections on euphonics, poetic meter and form, ethics, and proverbs, this unique compendium contains a wealth of rare information.

If you've ever wanted to know about the power of "P", the hypnotic quality of anapestic tetrameter, or how ti change the mood of a verb, then look no further. If you've ever needed to spot a red herring, wield a zeugma, or improve your ethos, then this is the book for you.
